

Quality Policy

YEA Engineering is committed to meeting customer needs by meeting customers' technical requirements, by delivering the projects within customers expected timelines, and by staying within customers' budget.

We are committed to building relationships with our customers to be seamless, pleasant, and educational.

We actively pursue improvements and changes in our Quality Management System to continuously meet the needs and expectations of all our stakeholders – customers, employees, organization, community.

A handwritten signature in blue ink, consisting of a long, sweeping horizontal stroke followed by a loop and a short vertical stroke.
